TIPS FOR HANGING: Hanging on a Curved Wall

Recommended maximum curvature for Gallery System track: 2 inches in 80 inches
1 inch in 40 inches

Hold a yardstick against the curved wall:

- **For concave wall** (curved inward) the middle of a 36 inch yardstick should be no more than one inch away from the wall.
- **For convex wall** (curved outward) the ends of a 36 inch yardstick should be no more than one inch away from the wall.
